

## HOPES TRIP TO NEW YORK WILL RESTORE HEALTH

Colonel Roosevelt Still Weak—No Part  
in Politics Until After Son's  
Wedding.

(Special Cable to The Times-Dispatch.)  
Paris, May 7.—Colonel Roosevelt  
is expected to leave for New York on the  
Brazil line to-day. After his arduous  
exploration through the jungle, he says  
he hopes the voyage home will restore his  
health. He has been invited to lecture be-  
fore the Royal Geographical Society in Lon-  
don on "Putting the Davila River on the  
Map," a feat which he considers a triumph.  
He says the hardship of the trip nearly cost  
him his life by starvation, and he is thankful  
for his escape.

The Colonel insists he will not mix in  
politics until after his son Kerensky marries  
Miss Willard in Madrid next month, then  
he will be active in the fall campaign. When  
asked if he was a candidate for Governor of  
New York or of United States Senator from  
New York, he said: "I shall not be a candi-  
date for anything."

As for his possible candidacy for the  
presidency in 1916, the Colonel says he is  
not thinking of that yet. He cannot say whether  
he will be a candidate again, but if he  
should run, it must be on a Republican  
ticket, for he cannot swallow the Republi-  
can bosses.

As late to-day the Colonel expressed sur-  
prise that the situation in Mexico has not  
been cleared up. It is an open secret that  
President Wilson is not hesitating.

## WILL LEAVE FOR HOME TO-DAY.

Sir Edmund Osler Recovers From Ill-  
ness.

(Special to The Times-Dispatch.)  
Hot Springs, Va., May 7.—Sir Edmund  
Osler, of Toronto, member of the Ca-  
nadian Parliament, who has been ill  
at the Homestead for the last fortnight  
with congestion of the lungs, has pro-  
gressed so far that he will leave Hot  
Springs Saturday on his private car  
for home with his son, Hugh Osler, and  
his physician, Dr. Alexander Templeton.  
Sir Edmund caught playing golf in the rain  
last month with Robert L. Jordan, Pres-  
ident of Canada. While not dangerously  
ill, Sir Edmund's condition has caused his  
family some anxiety, and Dr. Templeton,  
in consultation with Dr. Templeton,  
Sir Edmund's daughter, Mrs. Matthews, who joined her father here,  
has returned to Canada. The patient  
had convalesced sufficiently to-day to  
walk to the Mile-End tea room and  
back with his son and physician.

## CRITICAL ASPECT OF HUERTA REGIME

(Continued From First Page.)

Representatives of the American govern-  
ment, Justice Mahlon Pitney, though a Republican, is a close friend  
of the President, and may be chosen.  
Justice Day was a member of the  
Paris peace conference, and is a former  
Supreme Court Justice.

George Gray, Delaware, also per-  
sonally intimate with the President,  
and an American delegate to The  
Hague, is another who is considered  
likely to be chosen. Counselor Robert  
Lanning, of the State Department,  
busy with his duties at the department,  
may not be prepared to serve, but if  
satisfactory arrangements can be made  
to take care of his work, he may be se-  
lected. Henry D. White, former am-  
bassador to France, also is spoken of  
as a possibility.

## TRAIN LOAD OF REFUGEES DEPART FOR VERA CRUZ

A report from the Brazilian ambas-  
sador at Mexico City, stated that the  
train load of refugees, 500 to 600 in  
number, left for Vera Cruz in two sec-  
tions yesterday evening. General  
Huerta promised soldiers to accompany  
the trains. Those on the train included  
Dr. Edward Gray, the American phy-  
sician who had been arrested on a  
charge of being a spy and released on  
strong representation by the Brazilian  
ambassador. The case of John Stillman,  
deputy consul at Saltillo, was dis-  
missed at San Luis Potosi, having cap-  
tured much anxiety, resulted in a visit to  
General Huerta by the German and  
French minister. He assured them that  
he had sent soldiers to the assistance of  
Stillman. Saltillo is cut off from the  
capital and perhaps now is in the  
hands of the Constitutionalists, and the  
orders, the diplomats said, might not  
reach their destination.

Chairman Chamberlain, of the Com-  
mittee on Military Affairs, stated that a  
resolution authorizing the President  
to raise the army above the present  
statutory limit of 100,000 in times when  
war is imminent or on occasions of  
grave emergency, requiring the use  
of the regular army, had been passed.  
Also recited that at the present time  
there exists a condition which at any  
moment may require the fullest and  
most effective use of the regular army  
of the United States. Senator Cham-  
berlain declared the bill was not the  
result of any conference with the Sec-  
retary of War or the President.

## MILITARY PREPAREDNESS

ON PANAMA CANAL ZONE  
parade came from Colonel Goethals,  
of the Panama zone, who reported that  
his forces had been stationed along the  
canal to protect the locks.

Notwithstanding the fact that Car-  
rera will not be represented by dele-  
gates at the mediation conference, it  
was stated authoritatively that the plan  
proposed by the mediators would cover  
the pacification of all Mexico.

The peace plan, it was learned, will  
not be formulated until negotiations at  
Niagara Falls shall have produced a  
basis of information and an exchange  
of views between the mediators and the  
delegates, and until everything to be  
presented by delegates of both sides  
shall have been fully considered and  
settled.

In this connection, it was pointed out  
here to-day that there seemed to be a  
mistaken idea that the mediation pro-  
ceedings were in the nature of an in-  
formal conference to be followed by  
the signing of a protocol, whereas  
the efforts of the mediators will be  
advisory only.

There is no disposition, it was said,  
to regard the advance of the Constitu-  
tional forces as an imminent danger.  
Reports during the day showed that  
while American refugees continued  
their exodus from Mexico City and  
the south, conditions in Northern  
Mexico had so improved that Ameri-  
cans felt justified in venturing back to  
reopen their mines. The American  
consulate at Cananea, Sonora, was re-  
opened by Consul Agent Montague.

## PLANS FOR RETURN TO OIL FIELDS INTERRUPTED

Plans for the return of British and  
American operatives to the Tampico oil  
fields were interrupted by an un-  
expected notification from the Fed-  
eral commander that no foreigners  
could land as long as warships re-  
mained at Tampico. Both Federals  
and Constitutionalists had invited the  
oil men to return under prom-  
ises of protection, and General  
Huerta, according to information  
reaching the State Department to-  
day, had issued an order to Federal  
forces in the Tampico district to this  
effect. Messages passing through the  
State Department indicated that the  
Tampico oil properties are well cared  
for.

A delegation of representatives of  
American oil interests at Tampico,  
which has just returned to the United  
States, called at the Navy Depart-  
ment to-day and told Secretary  
Daniels that the United States should  
police Mexico, and aid the resumption  
of oil operations. Later they saw the  
President. Secretary Daniels told them

they ought to be thankful they had  
escaped with their properties.

Representatives of oil interests told  
Secretary Bryan that because of their  
enforced absence from Mexico, title  
to these lands is being transferred to  
opponents. This is taken to mean that  
British concessionaires are the bene-  
ficiaries. These titles are being trans-  
ferred in Mexico City, and some aliens  
claim they fear financial ruin in con-  
sequence. The story was told that  
contributors to a fund for General  
Huerta, being deposited in Paris, were  
among those to whom title to Ameri-  
can holdings is being transferred in  
the Mexican capital.

## COMMITTEE TO CONSIDER VANDERBILT SITUATION

(Continued From First Page.)

probably be made in about ten days.  
The presence here of Asa G. Candler,  
capitalist, of Atlanta, Ga., to-day re-  
sumes the rumors that Mr. Candler stood  
ready to give \$1,000,000 to the church  
for the establishment in Atlanta of a  
university to replace Vanderbilt as the  
representative educational institu-  
tion of the church.

Asked the direct question to-night,  
Mr. Candler declared that he had not  
authorized such an offer, and likewise  
denied a report that he tentatively  
agreed to donate \$500,000 toward the  
building of the university. He was re-  
moved from Nashville, Mr. Candler said that  
such offers, in advance of action by  
the conference with regard to the uni-  
versity, would be regarded as highly im-  
proper.

## RATE READJUSTMENT IN SOUTH IS ORDERED

(Continued From First Page.)

higher rates are applied. The car-  
riers serving some of the interior cities  
in the Southeast have reduced their  
rates to such points below the level of  
the reduced rates point, and are now  
permitted these interior cities to com-  
pete on more favorable terms with  
water-competitive points. This, too,  
has resulted in some cases in a rate  
reduction showing preference to the  
reduced rate point and punishing  
against the higher rates intermediate  
points.

## GENERAL READJUSTMENT TO GIVE STABLE SYSTEM

The commission in general holds:  
"1. That relief from the provision of  
the fourth section should not be granted  
on account of the desire of a carrier to  
reduce the rate to a given market of  
distribution in order to facilitate the  
distribution of articles from that point  
in competition with another point dis-  
tributing the same or similar articles."  
"2. That relief from the provisions of  
the fourth section may be granted to a  
carrier who is transporting a com-  
modity from one source of supply to a  
consuming market, and coming into  
competition at that market with an-  
other carrier transporting the same or  
similar articles from a different source  
of supply, when it is affirmatively  
shown: (a) that the carrier seeking re-  
lief is at a marked disadvantage with  
respect to its competitor; and, (b) that  
the competition met at the reduced  
rate point is consistently met at all  
intermediate points.

In conclusion, the commission ex-  
pressed the belief that the "general  
readjustment that will take place re-  
sponsive to this report should result  
in a more stable, consistent and rea-  
sonable system of rates than now exist-  
ing."

## RICHMOND CHOSEN FOR NEXT REUNION

(Continued From First Page.)

extending some twenty-five feet from  
the building, and eight feet above the  
lower level, is contained around the  
ends of the building, giving access to  
the grounds in the rear.

The building, which is faced  
throughout with Indiana limestone,  
consists of a central pavilion with a  
wing on either side, having a crown  
length of 150 feet and a height from  
the terrace level to the top of the  
parapet of forty-four feet. The main  
entrance is behind a portico of four  
columns of Indiana limestone. One of  
the Roman Ionic order, twenty feet  
in height, reached by a flight of stone  
steps. The two wings on the outside  
are divided into panels by means of  
the walls of slight projection, and be-  
low the cornices, which crowns the  
whole, large stones are provided, which  
it is hoped at no distant day will be  
transformed by the art of the sculptor  
into carved panels to serve as suitable  
monuments of some of the great events  
of that time, which the whole building  
is designed to commemorate.

## MILITARY PAINTINGS

"We announced in our last report  
that it had been long our ambition to  
make the memorial room the most  
beautiful in the South, and that this  
had been made possible by the generous  
gift of \$20,000 by Thomas F. Ryan, of  
Virginia. Our intention is to decorate  
the walls of this room with military  
paintings, illustrative of the war. We  
have engaged the services of Mr.  
Charles Hoffbauer, a distinguished ar-  
tist of Paris, who has executed im-  
portant commissions for the French  
government. Having this work is com-  
pleted, it will not be exceeded in value  
and beauty by any similar memorial  
mural paintings in this country. The  
artistic talent of the artist is such that  
he has painted the completed by the  
early part of next year.

"The building is located in a beau-  
tiful park of five acres. The develop-  
ment of this park is being made under  
the direction of Charles H. Manning,  
one of our most distinguished land-  
scape designers, and it is both our  
desire and his purpose to make the  
grounds as essentially a part of the  
memorial as the building itself.

The design of the court of honor  
provides for a central panel of turf  
and at the end, they being outlined  
by a box border, behind which will be  
a ground cover of ivy, leading to the  
double rows of evergreen magnolias,  
the lustrous green foliage of which  
will make the great front of the  
sides of the court. It is essential in  
this court that the greatest care be  
given to the proportions and to the  
modelling of the statues that is ac-  
cepted for these places of special honor,  
and that no object that is not worthy  
or that is out of harmony be intro-  
duced.

"As yet very few memorials of this  
character have been established. The  
illustration of the Statue of Liberty  
is the most modern memorial of this  
type as constructed by Emperor  
William in Berlin. The Belvedere  
garden, in Vienna, while on a larger  
scale, indicates a similar treatment of  
the grounds leading up to the build-  
ing.

## BUILDING AND GROUNDS

REPRESENT ABOUT \$140,000  
The building and grounds com-  
pleted cost about \$140,000. It will  
doubtless interest you to know that  
not one dollar of the principal sum  
contributed to the fund has ever been  
used for any expense of any kind.  
The expenses incurred by us in the  
course of the erection of this building  
on the balance in bank or of funds  
especially given for that purpose.  
"We will again make our grateful  
acknowledgments to the Commem-  
orative Fund of Virginia for an appropriation  
of \$4,000 for a concrete pavement  
around our property. This is worth  
even more than the amount of money

appropriated, as it indicates the con-  
fidence in the State in the  
work of our association.

"We have received during the year  
some valuable contributions to our  
library. Colonel G. N. Saussey, of  
Richmond, Va., has donated 130  
volumes of the "War of the Rebel-  
lion," and we have already expressed  
a gift, and we have already expressed  
to the donor our high appreciation of  
his interest in our work. Mrs. Charles  
H. Smith has generously sent us a set  
of Richmond daily papers, published  
during the war, handsomely bound to-  
gether, with a richly carved oak case  
in which to place them. They were  
given as a memorial to her aunt, Miss  
Isabella M. Wallace. Rev. P. D.  
Stephenson has sent a number of books,  
in which are included sets of the "Con-  
federate Veteran."

"We would again put special em-  
phasis upon the need of books for our  
library, which we desire to make one  
of the most complete and valuable in  
the South. We are especially asking for  
books and manuscripts bearing upon the history of  
our cause, and we will gratefully ac-  
cept the earnest co-operation of all  
of our Confederate organizations in  
our efforts to secure a collection whose  
value will be appreciated by all  
students who desire to know the  
true history of our great struggle for  
constitutional freedom. We propose  
to make the accumulation of such a  
library the chief work of our organi-  
zation."

"It will be seen from the report of  
the treasurer, Hon. George L. Chris-  
tian, that we have paid out during the  
year, \$47,323.08, leaving a balance on  
hand of \$10,000.00. We have in addi-  
tion to this cash balance, \$10,000.00  
as interest-bearing securities.

"We extend a most cordial invita-  
tion for all who come to Richmond next  
year to visit the Confederate Memorial  
Institute, where we heartily welcome  
awaits you, and we shall help to make  
the reunion of 1915 the most pleasant  
of any held since the war.

J. TAYLOR ELLISON,  
President Confederate Memorial As-  
sociation."

## Colonel Brown Delighted.

(Special to The Times-Dispatch.)  
Jacksonville, Fla., May 7.—Colonel  
David A. Brown and seventy-five mem-  
bers of the Robert E. Lee Camp, No. 1,  
of the United Confederate Veterans, left  
this afternoon, which lasted until  
late this afternoon, when the confer-  
ence reunion for Richmond. The vote  
was: Richmond, 1,196; Memphis, 409;  
Tulsa, 160; Denver, 85.

Colonel Brown said late to-night:  
"We of Richmond are proud to secure  
the next reunion, which is also the  
fiftieth anniversary of the close of the  
Civil War, and the overwhelming vic-  
tory of our city. We are anxious to  
show that the Confederate Memorial  
Institute, where we heartily welcome  
awaits you, and we shall help to make  
the reunion of 1915 the most pleasant  
of any held since the war."

## RICHMOND TO WELCOME CONFEDERATE VETERANS

Last Reunion in Richmond Was in  
1907, When Davis and Stuart Monu-  
ments Were Unveiled.

## DABNEY WIRES NEWS OF VICTORY

(Special to The Times-Dispatch.)  
Jacksonville, Fla., May 7.—Rich-  
mond wins in strong competition  
with Memphis and Denver, also Ok-  
lahoma, for the next reunion in this city some time  
in the spring of 1915 was enthusiastically  
received last night, and was ac-  
cepted the first ballot. Richmond's  
invitation was extended by Mayor  
George Ainslie, Lieutenant-Governor J.  
Taylor Ellison, and W. T. Dabney,  
business manager of the Chamber of  
Commerce. When they recalled the  
fact that it was the capital of the  
Confederacy which extended the in-  
vitation, it was felt that this city  
which bore the brunt of the war  
between the States which would open  
its door to them, and that every one  
in Richmond would extend them an old-  
fashioned Virginia welcome, the vet-  
erans rose in their seats to shout their  
acceptance. The invitation was ac-  
cording by the Richmond sponsors, who  
received enthusiastic applause every-  
where they went, and there was no  
doubt in the minds of the Richmond  
representatives that this city would  
be chosen for the next reunion of the  
diminishing hosts in gray.

## LAST REUNION HELD HERE

The last reunion to be held in Rich-  
mond was that of 1907, when thou-  
sands of the ancient sons of war gath-  
ered here from May 30 to June 3, in-  
clusive. It was the occasion of the  
dedication of the monument to the  
dashing cavalry leader, J. E. B. Stuart,  
and of the monument to President Jef-  
ferson Davis, and no one who saw  
that sight will forget the aged phalanx  
as it tottered on its way to the monu-  
ment of a gallant cause.

It was the largest reunion held in recent  
years, and Richmond was so crowded with  
them on the site now occupied by the South-  
ern Stock Yards, and many warehouses were  
used as sleeping places. Hundreds of Rich-  
mond householders opened up their homes  
to the visitors, and even the hallways were  
filled with the first two days and the weather  
was so hot that the veterans were in no wise  
discomforted, and the daily program  
carried out in the same manner that the  
veterans had carried out their orders on the  
field.

## WAS OCCASION FOR MEETING OLD FRIENDS

It will be recalled by many who took  
part in the exercises that in the reunion of 1907  
many of the old soldiers met here again  
and recognized each other in spite of the  
modelling of the years. Many of the  
companies were gathered together, and to-  
gether they marched again when they did  
honor to their famous cavalry leader.  
It is expected that the reunion of next year  
will be made the occasion of a dedication  
of the Confederate Memorial Institute, which  
now awaits only the dedication to finish it as  
the Confederacy's most appropriate mem-  
orial. Members of R. E. Lee Camp, Con-  
federate Veterans, last night confessed to re-  
gret that the reunion could not also be made

## Bloom of Youth Now Easily Attained

You no longer need to "doctor" that  
slow, freckled, blackheaded, rough, blotchy,  
pimply or over-red skin. You can remove it,  
instead—easily, painlessly, inexpensively. By  
a new scientific process, which any one can  
use without assistance, the dead and near-  
dead surface skin is gently, gradually, and  
gently, gradually absorbed, and a new, nat-  
urally youthful and beautiful complexion  
comes forth. Get the new scientific process  
of pure mercurized druggist, get an  
apply enough of this to completely cover  
the face; don't rub, don't wash, don't  
remove the wax with warm water. The  
result after a few days is astonishing. You  
wonder why this secret wasn't discovered  
long ago.

Put the wrinkled folds also take hope.  
Put an ounce of nonpareil bath in a  
half pint with alkali, bathe the face in the  
solution and—say!—there's nothing that will  
so effectively, so quickly, so out of all  
those hateful lines—Advertisement.

the occasion of the dedication of the monu-  
ment to Stonewall Jackson, to which all the  
South is being called on to contribute.  
The actual time of the reunion here will be  
set by the local organizations, who will  
agree upon a date that will be convenient  
both to the city and to the veteran organi-  
zations which will be present.

## Hubbard—Hogg.

(Special to The Times-Dispatch.)  
Williamsburg, Va., May 7.—A very  
quiet wedding was solemnized in  
Bruton Parish Church yesterday after-  
noon when Miss Grace Isabel Hogg, of  
Williamsburg, became the bride of  
Benjamin Hubbard, of Bedford County.  
Only a few intimate friends and relatives  
were present. Little Misses  
Janet and Cynthia Coleman, nieces of  
the bride, were her only attendants.  
George Preston Coleman attended the  
bridgework as best man. The ceremony  
was performed by the rector, the  
Rev. E. Ruffin Jones. Mr. and Mrs.  
Hubbard left immediately after the  
ceremony by automobile for York-  
town, whence they will go later for a  
bridal tour in the North. The bride  
is a sister of Mrs. George P. Cole-  
man, and has only recently moved  
here. They will reside in Bedford  
County, where the bridegroom is en-  
gaged in farming.

## Griffin—Tucker.

(Special to The Times-Dispatch.)  
Lynchburg, Va., May 7.—The home  
of Bishop and Mrs. B. D. Tucker, 610  
Court Street, at noon to-day was the  
scene of an informal marriage, when  
their daughter, Miss Maria W. Tucker,  
was wedded to Malcolm Griffin, of Bed-  
ford City. The marriage was performed  
by Bishop Tucker, who was assisted by  
his son, Rev. E. D. Tucker, Jr., of the  
University of Virginia.

The wedding was originally planned to  
take place on Thursday of next  
week, but on account of illness in the  
family of the bride it was decided re-  
cently to change the date, of which  
change no formal announcement was  
made until to-day.

Only a few members of the two fami-  
lies witnessed the ceremony.

After the ceremony, the bride and groom  
went to a party in the mountains of  
Western North Carolina, and early in  
June they expect to be at home in Bed-  
ford City, where Mr. Griffin is engaged  
in the practice of law.

## Gross—Moorman.

(Special to The Times-Dispatch.)  
Lynchburg, Va., May 7.—Announce-  
ment has been made here of the mar-  
riage of Miss Leona Moorman, of this  
city, to Wilmer E. Gross, of Danville,  
Va. The ceremony took place at Wash-  
ington. The bride is a daughter  
of Mr. and Mrs. C. W. Moorman, and  
after a hard battle against the farm  
improvement bureau of the Southern  
Railway, with headquarters at Dan-  
ville. After a hard battle they will re-  
side in Danville.

## Supreme Court, Opinions.

Raleigh, N. C., May 7.—Opinions were  
handed down by the Supreme Court  
yesterday as follows:  
Journal Publishing Company vs. Bar-  
ber, for Forsyth, no error; Pettigrew  
vs. McCoin, from Durham, reversed;  
State vs. Cameron, from Moore, no error;  
Robinson vs. Huffstetter, from  
Gaston, affirmed; Robinson vs. Har-  
ris, from Mecklenburg, appeal, dismissed;  
C. & N. Railway vs. Carpenter, from  
Gaston, affirmed; Robinson vs. Har-  
ris, from Mecklenburg, appeal, dismissed;  
Sizer vs. Sizers, from Mecklen-  
burg, no error; State vs. Seahorn,  
from Cabarrus, no error; State vs.  
Robinson and Foster, from Polk, no error;  
State vs. Beske, Moore, from Rowan,  
reversed; Buchanan vs. Lumber Com-  
pany, from Caldwell, new trial; Wilson  
vs. Southern Railway, from Randolph,  
new trial; Saunders vs. Floor, from  
Davidson, affirmed; Stockell, Myers  
Company vs. Finch, from Davidson, af-  
firmed.

## Jury Fails to Agree.

(Special to The Times-Dispatch.)  
Alexandria, Va., May 7.—A jury in  
the Circuit Court here was un-  
able to reach an agreement in the  
damage suit of Mrs. Nora Barker, of  
Washington, against the Potomac and  
Chesapeake Steamboat Company, in  
which the plaintiff sought to recover  
damages in the sum of \$10,000 for in-  
juries alleged to have been received on  
the steamer St. Johns July 25, 1912.  
The case had been in the jury's hands  
since last night.

## Any Woman Can Have Smooth, Hairless Skin

(Beauty Topics.)  
Here is a simple treatment, which,  
if used, will quickly banish hair or  
fuzz from cloth, checked, or hairy  
enough powdered delatone and water  
to cover the hairy surface, apply, and  
in two or three minutes rub off, and the  
hairs are gone. Then wash the skin  
to rid it of the remaining paste. This  
is quite harmless, and does not injure  
the skin, that it was so delicate. Re-  
sults are had quickest if the delatone  
is bought in an original package—Adv.

## At Crafts Hall

is prominently featured—  
the Now Famous  
MELODIOGRAND PLAYER-  
PIANO,  
the only instrument that will  
last for a lifetime, and is so  
varied, it has an unequalled,  
unchanging tone.

## The Crafts Piano Co.

Broad at Second Street.

is prominently featured—  
the Now Famous  
MELODIOGRAND PLAYER-  
PIANO,  
the only instrument that will  
last for a lifetime, and is so  
varied, it has an unequalled,  
unchanging tone.
